Antelope Report Users:

There are two minor changes made in this year's antelope report that you should be aware of. First is that the archery antelope harvest was excluded and will be incorporated into the archery harvest report. Secondly, due to a season change in region seven, the number issued column refers to number of people who purchased one or more permits for the region. You will notice that 15,015 hunters harvested 16,846 antelope but had only a 74% hunter success.

Thanks.
